NARRATIVE TEXT

DEFINITION

Narrative text adalah jenis text dalam Bahasa Inggris untuk menceritakan suatu cerita yang memiliki rangkaian peristiwa kronologis yang saling terhubung.

Social Function

The purpose of narrative text is to entertain the reader or present a story. Tujuan Narrative text adalah untuk menghibur atau menyajikan cerita.

Structure

- o Orientation: merupakan paragraf pembuka teks yang mengenalkan siapa tokoh yang terlibat dalam kejadian (who) serta latar waktu (when) dan tempat yang melatarbelakangi kejadian (where).
- o Complication: terdiri dari paragraf yang menjelaskan awal masalah.
- o Resolution: Resolution adalah paragraf yang menjadi akhir cerita.
- o Reorientation: Merupakan kalimat penutup yang menceritakan kondisi terakhir sang tokoh dalam cerita atau pesan moral cerita.

Language Features

- o Past tense (killed, drunk, etc)
- o Adverb of time (Once upon a time, one day, etc)
- o Time conjunction (when, then, suddenly, etc)
- o Specific character. The character of the story is specific, not general. (Cinderella, Snow White, Alibaba, etc)
- o Action verbs. A verb that shows an action. (killed, dug, walked, etc)
- o Direct speech. It is to make the story lively. (Snow White said,"My name is Snow White"). The direct speech uses present tense.

Examples

Two Travellers, walking in the noonday sun, sought the shade of a widespreading tree to rest. As they lay looking up among the pleasant leaves, they saw that it was a Plane Tree.

"How useless is the Plane!" said one of them. "It bears no fruit whatever, and only serves to litter the ground with leaves."

"Ungrateful creatures!" said a voice from the Plane Tree. "You lie here in my cooling shade, and yet you say I am useless! Thus ungratefully, O Jupiter, do men receive their blessings!"

Our best blessings are often the least appreciated.
