How I Spent Stay-at-Home Days on Covid Outbreak

I want to tell you about what I did on the quarantine days. As we know, Indonesian government has suggested us to stay at home and do self-quarantine regarding the corona virus outbreak known as covid-19.

I was so scared. I didn't want to go anywhere. I forbid all my siblings to go home, even they cried and beg my mom to buy flight tickets. I didn't want them to get sick or to get infected with the virus on the way home which the flight obviously have to do some transits on some red zone cities.

I also didn't go home. I stayed at the boarding school. I didn't do nothing of course. I had important activities to do too. I got chance to learn qur'an. I did online learning. But I was so sad cause some students could not be able to join the online due to "the no acces to the internet or even gadgets.

After all, I hope this will end soon. I miss direct face to face classes. I miss going around without getting worried about the virus. That's all from me. How about yours?
