My Chubby Goldfish, Chubba

I have a pet in my house. My pet is a goldfish. I named my goldfish Chubba because it looks so fat and chubby. Chubba is an attractive and beautiful fish with its striking color.

Chubby has two large soft tail fins that make it so graceful while swimming. Its lower and upper fins are also white with a bit reddish spot on them. It has short round-shaped body. Its scales are white around the tummy and red strip along the upper body. It also has a white bump on its forehead.

I keep Chubba in a small aquarium that I place in my room. Its favorite food is fish pellet. I feed it about twice a day, at the morning and afternoon. Oh, I love my goldfish Chubba very much.
