Fishing at Seribu Island

Last month on January 3, 2018 at 3 p.m, I left Jakarta for Seribu Island, Indonesia. I went there with some members of Jakarta fishing club who organized the monthly fishing activity. Getting there was not quite easy. It needed two hours by speed boat in a bit rough wave. Soon after our arrival at Seribu Island, we got a general briefing. The chief of the fishing club gave some information about the fishing code. It included an explanation how to release out the hook from the fish mouth safely. Then, we began our fishing. We set out sea early in the morning. Around 4 kilometers from the beach, we started to fish. Apparently, no one caught any big fish. We caught mostly small yellowtail fish. After fishing for nearly four hours, I only got five fish. They were three Yellow Fish, a Salmon and a little Merlin. It was not bad at all. In summary, the trip was mostly enjoyable. Fishing is absolutely an interesting activity.

A. Indikator 3.11.5

Mengidentifikasi ide pokok dan ide penjelas teks personal recount

My mother got me ready for school then I had to wait for her to brush my hair and place every strand in just the perfect position. I had to show her my shoes that I had cleaned the night before and my school bag had to be neatly put on my shoulder before I could get near the door. Only after my mother was totally satisfied would I be allowed to rush out of the front door. I would leave home at 8 a.m on the dot and make my way down the lane. After a walk of about 700 meters I would be able to see the tall steeple of the school. The playground would be full in the summer and the noise would make me want to rush into the yard and get into a good game of football before the bell went.

First Flight Experience

Orientation:

It was early morning on sunny spring day in April Heathrow Airport London was very busy.

Events:

I was sitting, reading a newspaper in the Departure Lounge of Terminal One. I was nervous I would fly. I looked at my watch impatiently.

Then, I heard the announcement over the loudspeaker: British Airways announce the departure of Flight BE570 for Istanbul. Passengers please proceed to Gate 16 for boarding. Hearing that announcement, I picked up my suitcase and walked toward Gate 16.

Twenty minutes later, the plane taxied preparing to leave. It moved slowly across the airport to runway number two. I was sitting looking out of the window. The plane suddenly moved forward, raced down the runway and rose into the air. I looked down at the houses and roads far below.

Re-orientation

I was smiling. London was behind me. I was on my way to Istanbul.

First Flight Experience

It was early morning on sunny spring day in April Heathrow Airport London was very busy. I was sitting, reading a newspaper in the Departure Lounge of Terminal One. I was nervous I would fly. Passengers please proceed to Gate 16 for boarding. Hearing that announcement, I picked up my suitcase and walked toward Gate 16. Twenty minutes later, the plane taxied preparing to leave. A. There are eight wrong punctuation sentences from the text below. Identify them and make a list!

In the summer 2015, i did a parachute jump for charity. It was at an airfield about an hour away and my Mum and husband came to watch.

First, I got up at 6 am, had breakfast and then set off in my Mum’s car. When we arrived, I waited in a queue to get a suit to put on over my clothes with lots of straps and buckles.

After that we watched the first plane take off. When the plane had got high and looked tiny, a white dot came out of the back then another. The dots got bigger as they came lower and before long, they had all landed safely in the field next door.

Finally, my name was called. I got into the plane sat down and my instructor clipped himself to me. The plane took off noisily and rose so high that It was above the small thin clouds. I was scared when i saw how high we really were

Soon the door of the plane was opened and the first pair had jumped. Then it was our turn. I sat down in the open door and the instructor soon tipped us both out. the air was rushing past my face and my ears were popping. I was afraid that the parachute wouldn’t open and prayed that it would be OK. After one minute, it did and then we floated gently down, like a balloon and landed easily in the grassy field.

I was amazed to have tried such a thrilling experience and all I wanted was to have another go.

A. Read the personal recount text carefully. Then, identify the main idea and supporting details you can find from the text below.

.....

Last Tuesday, Red class went by bus to Woollahra Farm. We were all very excited. The golden sun was shining brightly as we headed to the farm along winding road. As soon as we arrived we washed our hands so that we could touch the animals without giving them germs. Although I was looking forward to getting close to the animals I was a bit nervous of seeing the cows. First we went to the dairy shed to watch the large cows being milked by machine. Despite feeling a bit nervous it was really interesting to watch. Afterwards, we fed a cute baby goat with the bottle. I discovered that they can be quite strong when they want to be. Before long, it was time to see the chickens. We held the fluffy yellow chicks in our hands. The feet felt very tickly. It was a very busy day. We fed ponies, goats, donkeys, sheep and deer. At the end, of the day we went back to school. I liked feeding the ponies the best. I discovered that working on a farm is a lot hard work.
