#### **Descriptive Text tentang Tempat (About Place)**

##### **Bakauheni**

Bakauheni is a town in the southern part of the Lampung Province, Indonesia. It is one of the busiest ports in Indonesia. Ferries carrying passengers and vehicles, particularly large trucks, connect Bakauheni with the major port of Merak in Java Island across the Sunda Strait.

The average duration of trips required between Bakauheni - Merak or otherwise by ferry is for about 2 hours. Public transportation users are able to speed up the trip by using small boats which can reduce the travel time about an hour. However, this option is of course more expensive, and boats are only available from morning until the late afternoon, when the water is not too rough. The port is very busy during *mudik* tradition, especially in new year and *Ied Mubarak* days.

##### **Borobudur**

Borobudur is one of the most wonderful legacies of the ancient human which Indonesia has ever had. A lot of people come to visit Borobudur to see how wonderful this temple is.

Borobudur, or Barabudur, is Mahayana Buddhist Temple in Magelang, Central Java, Indonesia. The temple consists of nine stacked platforms, six squares and three circulars, topped by a central dome which is decorated with 2,672 relief panels and 504 Buddha statues. The central dome is in the center of 72 Buddha statues, each seated inside a perforated *Stupa*. It is the world's largest Buddhist temple often considered as one of the greatest Buddhist monuments in the world.
