THE FISHERMAN AND HIS WIFE

Once, there was a fisherman. He had an ugly wife. One day, the fisherman caught a goldfish, but the goldfish could talk, “please let me go!” I’ll reward you,”. “Oh my God,” Cried the fisherman. “Don’t worry, I have no wish to eat a talking fish,”. So he put it into the water.

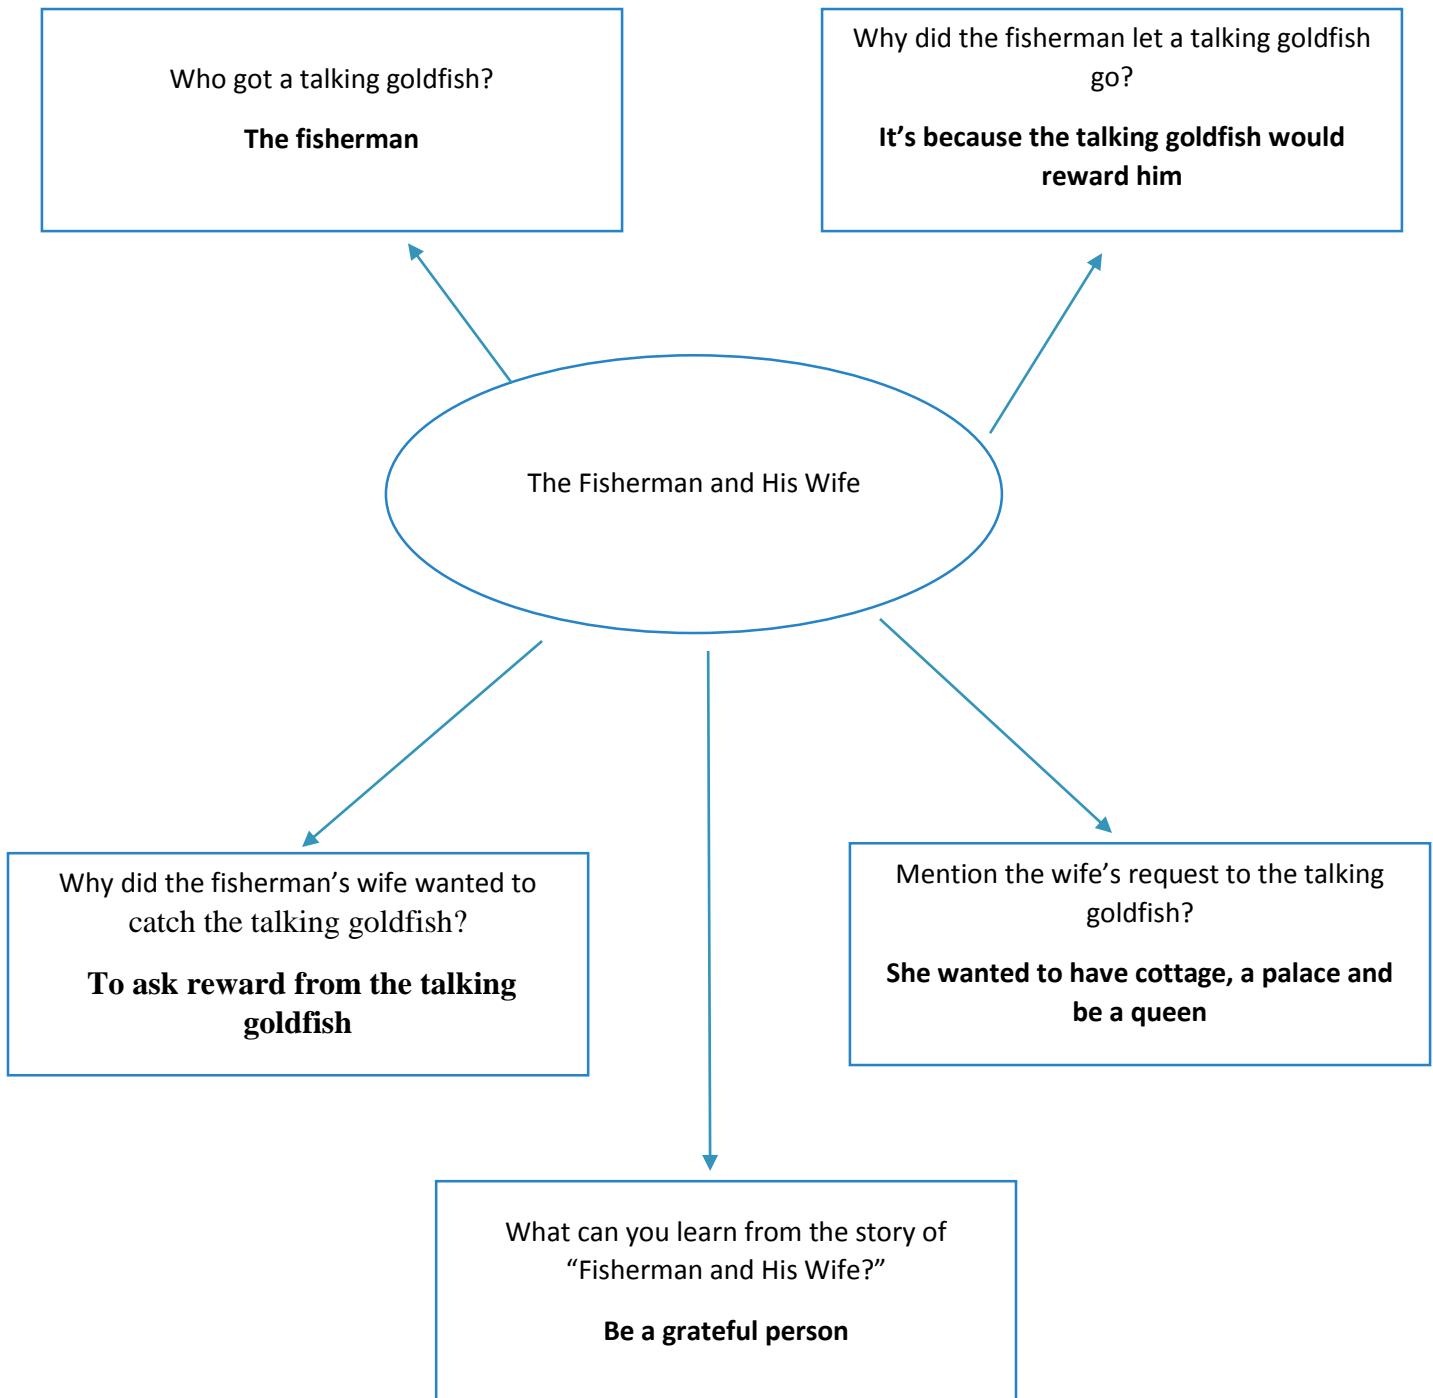

The fisherman went home and told his wife about it. She became very angry. The fisherman went down to the beach. "What the matter?," asked the fish. "My wife wants a cottage," said the fisherman. "Don't worry, she will have it." Then the fisherman's wife had her cottage.

But after a few days, she became tired of it. "tell the fish to give me palace," she said. Then the fisherman went back to the beach again. Then the fisherman's wife had the palace. But she soon got tired of it too. "Ask the fish to be my servant, I want to be a queen. This time the fish got angry. It said nothing and swam away.

The fisherman waited and waited, but the goldfish didn't came back. When he went home, he found his wife backed in their old hut.
